

6 – Market Transformation: Designing for Lasting Change

426 \$Two Billion & Counting: A Behind the Scenes Discussion on How Focus on Energy Has Successfully Impacted the Wisconsin Multifamily New Construction Sector

Josh Arnold, Focus on Energy/Franklin Energy Services
Abby Vogen, Energy Center of Wisconsin

513 Information Resources for Better Building Controls

Floyd Barwig, Iowa Energy Center
John House, Iowa Energy Center
Curtis Klaassen, Iowa Energy Center

119 How Much Is That Training Program Worth? Quantifying the Value of Training and Other 'Fuzzy' Education Events

Ingo Bensch, Energy Center of Wisconsin
Scott Pigg, Energy Center of Wisconsin
Marge Anderson, Energy Center of Wisconsin

495 Hey, Isn't a Market Supply *and* Demand?

David Cohan, Northwest Energy Efficiency Alliance
H. Skip Schick, Northwest Energy Efficiency Alliance
Jane S. Peters, Research Into Action, Inc.
Marjorie McRae, Research Into Action, Inc.

194 Mainstreaming of Energy-Efficient Technologies and Construction Practices in the Residential Sector in India

Veena Dharmaraj, International Institute for Energy Conservation
Mahesh Patankar, International Institute for Energy Conservation
Tanmay Tathagat, International Institute for Energy Conservation
Archana Walia, U.S. Agency for International Development

581 Bulk Procurement vs. Market Channels: International Experience with the Promotion of Compact Fluorescent Lamps (CFLs)

Peter du Pont, Danish Energy Management A/S and Joint Graduate School on Energy & Environment
Felix Felix Gooneratne, International Institute for Energy Conservation

373 Savings with a Twist: Market Transformation and Acquisition Working Together (and Showing Both)

Teri Duncan, Portland Energy Conservation, Inc.
Diane Ferington, Energy Trust of Oregon, Inc.
Marci Sanders, Northwest Energy Efficiency Alliance
Ken Keating, Bonneville Power Administration

107 Transforming the Market for Efficient PC Power Supplies: Opportunities Assessment and Early Experience in Canada

Philippe Dunsky, Dunsky Energy Consulting
Isabelle Saint-Laurent, Natural Resources Canada
Kent Dunn, Ecos Consulting
Vicki Fulbright Calwell, Ecos Consulting
