

Sunday, June 1, 2008

5:00 - 8:00	Registration Open	
6:00 - 8:00	Opening Reception and Poster Session Tabletop presentations featuring research results and new technologies will be on display throughout the conference.	<i>Edgewater A</i>

Monday, June 2, 2008

7:30 - 8:30	Registration and Continental Breakfast	<i>Edgewater A</i>
8:30 - 10:00	Welcome Introduction to Water Heating Technologies: The Hard Stuff An Introduction to Technology for Program and Policy Professionals	<i>Edgewater F</i>
10:30 - 12:00	Introduction to Marketing and Programs: The Harder Stuff An Introduction to Market Transformation for Technical Specialists	<i>Edgewater F</i>
12:00 - 1:30	Lunch Keynote: Peter Gleick, President, Pacific Institute	<i>Edgewater A</i>

<i>Location</i>	<i>Edgewater E</i>	<i>Edgewater D</i>	<i>Edgewater C</i>
<i>Track</i>	<i>Making Hot Water</i>	<i>Getting Hot Water</i>	<i>Using Hot Water</i>

1:30 - 3:00	1. Hardware: Recent Developments and Research		
	Test Procedures and Their Limitations	Hot Water Distribution Architectures	Field Studies of Hot Water Use
3:30 - 5:00	2. Programs: Who's Doing What?		
	Energy Utility Efficiency Programs	The Plumbing Code and the Building Code	Water Utility Efficiency Programs

6:00 - 8:00	Reception and Poster Session Come to network and engage your colleagues in discussions about all things hot water! Tabletop presentations will be on display throughout the evening.	<i>Edgewater A</i>

Tuesday, June 3, 2008

7:30 - 8:30	Registration and Continental Breakfast	<i>Edgewater A</i>	
8:30 - 10:00	3. Hardware: What's Possible?		
	What Is the Status of Breakthrough Technologies?	Practical Plumbing	Showerheads and End-Use Efficiency
10:30 - 12:00	4. Programs: What Needs to Be Done?		
	Getting Beyond 2% Market Share	Multifamily Technologies	Commercial Kitchens
12:00 - 1:30	Lunch Keynote: Art Rosenfeld, Commissioner, California Energy Commission	<i>Edgewater A</i>	
1:30 - 3:00	5. Cross-Cutting Topics		
	Specifying Efficient Water Heaters	Clean Air Regulatory Issues	Labeling and Design Guidelines
3:30 - 5:00	Structured Small Group Discussions What should a hot water system look like in 20 years? What needs to happen to get there?		<i>Edgewater F</i>

Wednesday, June 4, 2008 Optional Coordinated Events (No Charge)

Sign Up When you check in at registration for these optional open house events. Transportation not provided.

City	Organization	Topic
Davis	Davis Energy Group	Low Cost Solar Water Heating
Davis	Davis Energy Group	Training Session on Hot Water Distribution Computer Simulation Model
San Ramon	PG&E	Water Heater Test Lab
San Ramon	PG&E	Food Service Technology Center, Commercial Kitchens
