

# Emerging Technologies: Next Big Ideas

Jennifer Anziano  
Senior Program Manager  
April 3, 2012  
Washington, DC

# Session Objectives

- ▶ Provide a broad overview of several emerging technologies coming down the pipe, with a specific focus on their technical readiness
- ▶ Highlight value proposition of emerging technologies in new homes as it speaks to the market readiness of new opportunities

# No Silver Bullets

- ▶ The right fit might vary based on:
  - Climate and seasonality
  - Primary considerations for offering energy efficiency measures
- ▶ Understanding what is known technically and sharing the market experience
- ▶ Provides a very broad overview of some promising opportunities

# Presenters

- ▶ Ellen Petrill, Electric Power Research Institute
- ▶ Paul Armstrong, Gas Technology Institute
- ▶ Sam Rashkin, DOE Building America Program
