The Benefits of a Corporate Social Responsibility (CSR) Strategy

Average jump in share price*:

+ 4.4% socially responsible engagements

+ 7.1% engagements in corporate governance

+ 10.6% engagements in climate change

Brand and reputation

74% of global CEOs say measuring and reporting total non-financial impact contributes to long term success. 82% of investors are already considering environment, social, governance issues in their investment decisions.

Nearly 70% of the 500 global supply chain executives recently surveyed say sustainability will play an important role in how they manage their supply chains through 2015.

Employees most committed to their organizations put in **57%** more effort on the job – and are **87%** less likely to resign – than employees who consider themselves disengaged.
