

MEMPHIS

Rank #42 TOTAL SCORE: 25

CITY STATS

- Point Change from 2013 Scorecard: +1.5
- City pop.: 653,450
- Metro pop.: 1,341,746
- Utilities: MLGW (electricity & gas)

BEST PRACTICES

- Adopted complete streets policy and implemented zoning code that encourages mixed-use development.
- City and county buildings regularly monitor and benchmark energy use.

AREAS FOR IMPROVEMENT

- Adopt more policies to save energy in local government operations, including an energy-savings goal.
- Adopt the latest residential and commercial energy codes, increase resources for code compliance, and adopt building benchmarking and transparency policies.
- Partner with utilities to increase investment in electric and natural-gas efficiency programs and to improve access to utility energy data.
