

MINNEAPOLIS

Rank #7 TOTAL SCORE: 67

CITY STATS

- Point Change from 2013 Scorecard: +11.75
- City pop.: 400,070
- Metro pop.: 3,459,146
- Utilities: Xcel (elec), CenterPoint Energy (gas)

BEST PRACTICES

- High levels of investment in and savings from electric and natural-gas utility efficiency programs.
- City-utility partnership formalizes role for electric and gas utilities in achieving the city's energy goals.
- On track to achieve 2015 community-wide greenhouse gas emissions reduction target and actively plans for future district energy and CHP systems.

AREAS FOR IMPROVEMENT

- Extend energy use benchmarking and reporting policy to large multifamily buildings.
- Improve zoning and development policies to encourage more compact communities well connected to transit.
