

NEW ORLEANS

Rank #47 TOTAL SCORE: 20

CITY STATS

- Point Change from 2013 Scorecard: n/a
- City pop.: 378,715
- Metro pop.: 1,240,977
- Utilities: Entergy New Orleans (elec & gas)

BEST PRACTICES

- Entergy New Orleans offers electric efficiency incentives through Energy Smart program.

AREAS FOR IMPROVEMENT

- Establish local government operations and community-wide energy-savings goals and regularly report progress toward achieving them.
- Work with utility to further increase investment in electric and natural-gas efficiency programs and to improve access to utility energy data.
- Adopt the latest residential and commercial energy codes, increase resources for code compliance, and adopt building benchmarking and transparency policies.
