Potential Barriers Addressed by Weatherization Assistance Program Partnership

- **Skilled Workforce**
- **Expertise in Income Qualification**
- **Customer Base**
- **Funding Need**

The Real Program Barriers

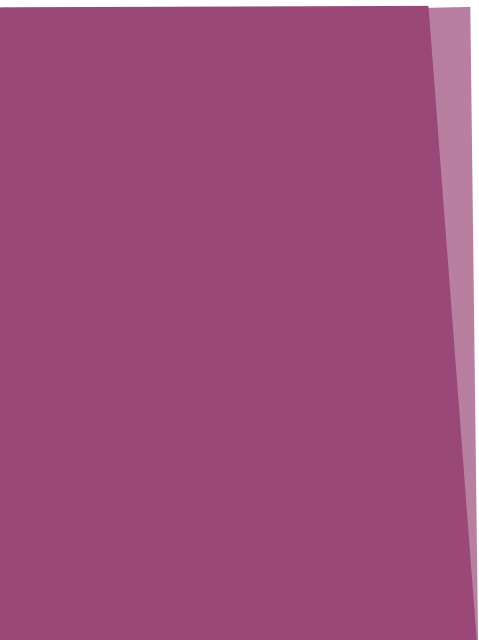

- **WAP Agency Engagement**
- **Program Rules Believed to be Incomplete**
- **Perceived Funding Uncertainty**
- **Scaling**
- **Limited Eligible Households**

Lessons Learned

Assign Goal /
Budget Allocations

Have a back-up
plan for agencies
that are slow to
engage

Flexibility and
transparency are
crucial

Program Successes

“Paired Projects”

Utility rebate program
paired with the federal
program

Service to families
that live in rented
homes and
apartments

Flexibility allowed
consideration for
some home repairs

Weatherization agencies are prospering

Program Successes

I am so thankful to God and The Project Homes organization for being so good in helping me to live in a better safe home. I know God always take care of his children and he wants

I want to Thank you so much for helping Harold and me. We're so blessed to find out about the weatherization program. Harold told me how great you're been and what all of the contractors have been just.

handled the physical labor that went into the repairs. I wasn't sure that anything would be done to assist me but at best I only anticipated the attic insulation being done. I was elated to see not only that but also the exhaust fan in the bathroom, weather stripping around the doors, light bulbs for my ceiling fan, and a door at my crawl space.

I cannot express how much I truly appreciate everyone involved and the parties that be that made this happen for me. It is a true blessing and I am forever grateful. Please forward this along to the other

Movers received
people.
Our electric bill has dropped
\$15.00 a month since the work
was done and that is a great
help.

Reimagine tomorrow.
